

### PROPOSED TEMPORARY ROAD CLOSURE OF HIGH STREET, CORSCOMBE

I have received an application from Wessex Water, to close HIGH STREET, CORSCOMBE from its junction with Hackney to its junction with Fudge Hill and Cross Lane, a distance of approximately 240 metres. The closure has been requested to allow Wessex Water to carry out mains repair and relay service in the highway. These works are programmed to commence from 17th October 2016 for 5 days with an end date of the 21st October 2016. The road closure is necessary for safety reasons, as the works will take place within the whole width of the carriageway.

Wessex Water will publicise the road closure in a number of ways: they will place information boards on the road in this area to inform the travelling public of the works; they will carry out a letter drop to local residents directly affected by the works; and they will sign a vehicular diversion route using the local road network. The following map shows the extent of the closure and the diversion route.

This document is for information only. However, if you have any concerns about this proposal, please contact Samantha Paulley, (trafficteam@dorsetcc.gov.uk) by the 30 September 2016.
